

Minimised light reflection for more safety when driving...

Without an anti-reflection coating

With Solitaire® 2 coating

The premium anti-reflection coating eliminates irritating light reflections and helps improve your driving safety, particularly at night. Solitaire® Protect Balance 2 will also clearly enhance your vision comfort at home or when sitting in front of the computer, combating eye fatigue.

... and for an attractive appearance.

Without an anti-reflection coating

With Solitaire® 2 coating

The minimisation of reflections ensures extremely clear lenses allowing others to see your eyes to the best effect.

RODENSTOCK
See better. Look perfect.

Solitaire® 2 HIGH-TECH COATINGS.

Rodenstock lenses are of exceptional quality and are characterised by long life and excellent cleaning properties.

Now, thanks to the new high-tech coating technology, they are also twice as scratch-resistant as conventional coated lenses.

Solitaire® 2 coatings reduce eye strain through UV absorption and the reduction of UV reflections.

Solitaire® Protect Balance 2 reduces the artificial blue light from monitors, smartphones and tablets.

REAL ADVANTAGES.

- ✓ All-round protection 365 days a year
- ✓ Best possible protection for the eyes from UV radiation and artificial blue light
- ✓ Brilliant vision and very high aesthetics thanks to an optimum AR coating
- ✓ Maximum durability of the lenses thanks to excellent scratch resistance
- ✓ Exceptional anti-static and cleaning properties
- ✓ If required: Unique anti-fogging effect with Rodenstock FogFree
- ✓ Absolute security thanks to a 3-year quality guarantee
